HOLIDAY CASUAL

The Nicholas-Beazley Aviation Museum is dedicated to educating, inspiring, and engaging our community through the rich history and advancement of aviation. Through our exhibits, events, collections, and tours, we provide opportunities for visitors of all ages to explore the people, innovations, and achievements that have shaped aviation.

As a growing institution, we are committed to creating meaningful learning experiences for children and educational opportunities for adults. From our permanent collections to rotating exhibits and special events, each visit offers something new to discover and a deeper appreciation for aviation history and its lasting impact on our community and beyond.

SANTA TAKES FLIGHT: AN EVENING OF CELEBRATION is the Nicholas-Beazley Aviation Museum's inaugural annual fundraiser, bringing together aviation enthusiasts, community members, and supporters for an evening of holiday festivities and awards for a few special leaders in our community. Guests will enjoy a wine reception, dinner, and the opportunity to bid on exciting live and silent auction items generously donated by local businesses and community members. Holiday casual attire is encouraged—festive, comfortable, and ready to celebrate!

As a 501(c)(3) tax-exempt public charity, the Nicholas-Beazley Aviation Museum relies on the generosity of members, visitors, businesses, and friends of the museum to support its mission. Proceeds from **SANTA TAKES FLIGHT: AN EVENING OF CELEBRATION** will help advance the museum's educational programs, exhibits, collections, and ongoing efforts to preserve and share our aviation heritage.

2026 SPONSORSHIP BENEFITS

Please join us as we prepare for **Santa Takes Flight: An Evening of Celebration**. Guests will enjoy a wine reception and silent auction, followed by a festive dining experience, live auction, and special awards presentation—all while celebrating an evening of history and holiday spirit.

The evening celebrates the anniversary of the Wright brothers' historic first flight on December 17, 1903, while honoring the aviation legacy of the Nicholas-Beazley Airplane Company, founded in 1921 by Russell B. Nicholas and Howard Beazley.
